

REMARKS

On June 23, 2009, the Applicant's representative made a telephone call to Examiner Schlientz to clarify the Office Action dated June 22, 2009. The Examiner explained that the Amendment was non-compliant because the cancellation of portions of the specification did not specifically identify those portions which were being amended and also did not specifically indicate the material being added. The Examiner's Interview Summary dated June 22, 2009 provided examples of these comments.

The present Amendment has not added new material. The amended portions revert to the application as originally submitted.

Respectfully submitted,
